

LINDFAST
Solutions Group

Accessibility

Lindfast Solutions Group (“LSG”) endeavors to provide an accessible and usable digital experience for people with disabilities. As part of this commitment, LSG works to improve the accessibility of its websites and e-commerce platform and uses the Web Content Accessibility Guidelines (WCAG) 2.2 Level AA as a reference for its accessibility efforts.

LSG periodically reviews its websites and e-commerce platform for accessibility and seeks to make improvements as technologies, standards, and user needs evolve.

We welcome feedback regarding the accessibility of our websites and e-commerce platform. If you encounter an accessibility barrier, experience difficulty accessing any content or functionality, or need assistance completing a transaction, please contact LSG’s Accessibility Coordinator at support@lindfastgrp.com. When contacting us, please identify the webpage or functionality at issue and, if possible, describe the accessibility concern you encountered.

LSG will use commercially reasonable efforts to address reported accessibility issues in a timely manner and, where feasible, to provide the relevant information, goods, or services through an alternative accessible method.

Certain content or functionality available through LSG’s websites or e-commerce platform may be provided by third parties. LSG encourages its third-party providers to provide accessible content and functionality but does not control and is not responsible for the accessibility of third-party content or functionality. LSG will use reasonable efforts to work with third-party providers, where feasible, to address accessibility concerns brought to LSG’s attention.
